August 4, 2021

Dear Families,

We are hoping to be able to provide Extended Day for our in-person students, but this will be based on the demand and availability of a teacher aide. The **First Session of Extended Day would begin next week on Monday, August 23**. This program gives students a snack, and a place to work on their homework or to get extra academic support. It is also a place to enjoy an enrichment activity. Because of last year's pandemic, routine learning was very much interrupted. Like last year, our academic focus this year is on Reading Skills, so even our youngest students will be working on these skills during the afternoon sessions.

Extended Day runs Monday through Friday, from 3:30 p.m.- 5:00 p.m., and each session lasts six weeks. Attendance on Fridays is *optional*. **The first session would end on Friday, October 1.**

A grant covers a portion of the costs associated with this program. To cover the rest, a **\$50.00** fee is charged per student for this **six-week** session. The family rate is **\$70.00**.

With the exception of illness, or participation in sport practices and scheduled games, students must commit to attending Monday through Thursday of the six-week session, and stay until the 5:00 p.m. dismissal.

If interested, please return this form by Thursday, August 19. Contact the school office if you have any questions. Please see below for the permission form.

Mr. Tim Keefe
Principal

EXTENDED DAY Session 1

Parents/Guardians,

Please complete this section to give your child permission to participate:

My child, _____, will be participating in Session 1 of the Extended Day program. I have included my payment.
